### Sponsorship opportunities

The International Conference on Localization and GNSS (ICL-GNSS) is the annual event bringing together world-class keynote speakers, industry representatives, researchers and PhD students in the field of localization, navigation and positioning technologies. The 2016 event will be organized by Universitat Autònoma de Barcelona and it provides an excellent opportunity to gather, network, share ideas and foster future collaborations. The consolidated audience is a mixture between industry and academia, with nearly 100 attendees coming from all over the world.

We believe this event is an excellent opportunity for your company to have visibility in front of a target audience who will benefit and value from your participation. We would therefore like to invite you to be partner of this event by joining to one of the sponsorship levels shown below:
